

PAWS for Reading

Readers in grades Pre K—5 are invited to practice reading aloud to a Certified Therapy Dog at the Beaver Area Memorial Library this summer!

How it works:

- Families pre-register for a 15-minute time slot.
- Readers arrive 5 minutes before their scheduled time with a book they would like to read
- One family at a time sits with the therapy dog and owner while the registered reader(s) shares stories in a relaxed, non-judgmental environment!

We have multiple sessions scheduled throughout the summer! Please contact the library to reserve a time slot.

Once registered, please make every effort to attend or call the library to cancel.

All participating dogs are Certified Therapy Dogs
